

# **Heartfelt Gratitude for Your Generous Support and Wishing You a Joyous New Year**

*Dear Beloved Austrian Donor's,*

As we stand on the threshold of a new year, we want to take a moment to express our deepest gratitude for your incredible generosity in supporting the renovation of our hospital, which was devastated by the devastating impacts of the Genocidal war in Tigray.

Thanks to your selfless contribution, we have been able to rebuild not just the walls of our facility, but the very heart of our community's healthcare.

Your support has restored hope where there was despair and given us the opportunity to provide life-saving services to those who need them most. The transformation is nothing short of miraculous, and it is all because of you. In every ward, in every treatment room, and with every patient who walks through our doors, your impact is felt. We are now able to offer better care, and a sense of safety to those who had been suffering in silence.

The lives that have been touched, the smiles that have returned, and the health that has been restored are direct results of your compassion.

Your contribution has gone far beyond painting, electric maintenance and machines; it has brought healing, hope, and a renewed sense of dignity to our community. As we approach 2025, we wish you and your loved ones a year filled with peace, joy, and fulfillment. May your kindness continue to inspire others, and may you be surrounded by the love and warmth you so freely share with others. We are eternally grateful for your support and look forward to the continued positive changes we can create together in the year ahead. With deepest thanks and warmest wishes,

**TAC and Hospital Team**

**December 2025**
